Video - Ala Carte Price Sheet

Pre-Production Services - \$150 for a 2 hour block at the front end and \$75 for each additional hour, not to be confused with a consultation fee which is free. This makes the shooting and post work that much more fluid and as such can reduce overall costs by reducing post package hourly rates. Take ownership of the customers vision for the project. Review comparisons in similar mediums to fine tune what the client wants or create something entirely unique. Scripting, Shot schedule, Arrangement.
